

EXPERIMENT – 1

AIM

To design and develop a **static ATS-friendly resume webpage using HTML components** with personal, educational, technical and professional information.

DESCRIPTION

The experiment involves creating an **ATS-friendly Resume webpage** using HTML. The webpage contains different sections such as personal details, career objective, education, technical skills, projects, certifications and achievements. A profile image is also included. **Inline CSS** is used to style the HTML elements and improve the appearance and layout of the resume.
